

Cut-To-Length Servo Controller CTL-PBM-HS

SPECIFICATIONS:

- **Supply-** 230 VAC
- **Size-** 192 X 96 X 160* mm
- **Display-** 20 X 4 backlit LCD
- **Keypad-** 18 key membrane keypad
- **Programmable Engineering parameters**
(Speed, acceleration, machine parameters)
- **Programmable user parameters**
(Length, batch, relay timing, restart options)
- Totalizer
- On and off delays
- Direction setting
- Recipe memory
- 4 digital inputs
- Signals for servo motor drive
- 4 Relay outputs
- Compact, Reliable, Versatile, Error alarm, batch setting etc.
